LOOKING FOR ANOTHER AFFILIATE NETWORK BESIDES AMAZON

- 1 The payment schedule they are offering
- 2 The tools that they provide you, such as banner creators and the control panel in general.
- 3 Deep linking is available. This means you can link to a product with your affiliate link, rather than just the sites homepage.
- 4 Customer service is willing to speak with you and is responsive either through email, a ticketing system, forum, or even phone.
- 5 Look into the minimum payout and seek out networks that offer lower ones. So that you don't have to meet as high of a threshold in order for you to deposit the funds into your account.

LOOKING FOR A CPA OFFER TO PROMOTE

- 1 Read the restrictions of each offer to make sure you can sell the offer to your audience in the way and area that you wish.
- 2 Avoid Spammy low-quality landing pages because they will lead to lower conversions and make you look bad.
- 3 Go for offers that are linked to higher Earnings Per Click. These offers pay better on average and are working for others.
- 4 Stay close with and build trust with your affiliate manager
- 5 Watch your competitors offers as well.
